

Geospeed

High Speed Support Vessel

GEOMATICS ENGINEERING SOLUTIONS

SUPPORT ACTIVITIES / VESSEL CAPABILITIES

The Capelli 900 X is equipped with two powerful Yamaha V8 engines.

This boat is purpose built to transport people or cargo in a fast and comfortable manner.

The boat is easily transportable and is fully equipped and ready for immediate action.

There is a large storage area in the bow of the vessel, with further storage possibilities in the deck.

If requested, the front jockeys seats can be removed to create more deckspace.

Fuel consumption at 20 Kts is about 42 L/h, enabling endurance at sea of ten hours+ due to 600 L fuel tank.

TECHNICAL SPECIFICATION

General

Name	Geospeed
Type	Capelli TEMPEST 900 X-treme
Built	2013 by Capelli
Hull material	GRP / Neoprene-Hypalon
Port / Flag	London
Type vessel:	High speed offshore support vessel

Dimensions
